Zurich – g27. *On 27 August 2009, concurring with the official launch of the new Zurich gallery season, the galleries Peter Tellini, Christian Roellin and Fabian & Claude Walter are opening "The Best of Stash", their first jointly organised show at the new Zurich exhibition venue g27.*

galerie | christian roellin (St. Gallen and Zurich) and Fabian & Claude Walter Galerie (Zurich), both well-known for their contemporary art programme, and Galerie Peter Tellini (Zurich), with its choice selection of design, are realising their new collaboration in g27, at the Grubenstrasse 27 in Zurich's industrial quarter Binz. While galerie | christian roellin present with "Dot Random Mosaic" paintings by **Klaus Merkel**, Fabian & Claude Walter Galerie is exhibiting photographs by **Sonja Braas** from the work cycles "Forces" and "The Quiet of Dissolution" and Galerie Peter Tellini objects by **Jean Prouvé**.

"The Best of Stash" serves both as title to the new show and as motto for the organisers' overall vision. In their first exhibition, the galleries present three different positions from their respective repertoire and thereby introduce a new form of staging artwork reaching beyond the classical concept of a gallery exhibition. The show offers a platform for contemporary art and design and creates thematic and formal synergies between the different artistic statements. By way of this alliance, a demanding and surprising exhibition programme emerges for the gallerists, artists and, last but not least, for visitors.

g27, with its impressive industrial architecture and an exhibition space of 450m², is situated between Bahnhof Enge, Sihl-City and Uetliberg and provides the ideal venue for a visual discourse between the three galleries. While continuing to exist independently from each other, the galleries draw upon the potential of their own important artistic stances to realise themed exhibitions, with an emphasis placed on photography, painting and design of the 20th and 21st Century.

We look forward to welcoming you and your friends to g27 on 27 August as from 5.00 pm. For further information or images please contact the respective galleries directly. Please consult the invitation card for contact details.

With our kind regards,

Christian Roellin
